Our December Calendar

IMPORTANT – CLOSURE DATES

During the quieter period of December, we have a few days set aside for training and our Christmas party.

What do I need to do?

Just check the closure dates and ensure any urgent orders are placed before these dates. You can place orders as normal via email and the website on these dates and these will be picked up on the next available working day.

That just leaves me to say a huge **thank you** for all your business so far this year.

Don't forget to quote **CHRISTMAS** if ordering on 13th Dec or 20th Dec for a sweet treat to thank you for your support.
