

Vintage & Classic Plates

As the UK's oldest number plate manufacturer, we also cater for classic cars and motorcycles, proudly offering the widest range of classic plates available in the UK, including bespoke shapes and sizes. Digits are available in various styles and sizes to suit different plate sizes, registrations and types of vehicle.

Vehicles manufactured before 1st January 1977 can display older style number plates, these are 'R' registrations and before. The 40-year tax exemption date rolls forward automatically each year, so from April 2018, it will be 'S' registrations.

Car plates

Standard oblongs

Morris Minor rear

Standard squares

Motorcycle plates

7 x 6½"

Shield

6½ x 6½"

12 x 3"

12 x 6"

9 x 7"

Triumph curve

Plate & digit styles

Embossed Aluminium

Stove enamelled plates made by hand using original dies and traditional methods.

ACE Cast Aluminium

Rare cast aluminium peaked digits in the ACE style, polished to a high sheen finish.

Raised Riveted Silver

Injection moulded silver plastic digits are riveted to aluminium plates for a 3D effect.

Raised Riveted White

Injection moulded white plastic digits are riveted to aluminium plates for a 3D effect.

Ribbed Acrylic

Corrugated silver digits are visible through a sprayed black acrylic plate.

Plate & digit styles

Smooth Acrylic

Smooth silver vinyl digits are visible through a sprayed black acrylic plate.

Hand Painted

Drawn up and enamelled by our expert hand-painter.

Self Adhesive

Flexible vinyl, adhesive-backed plates.

Cast Aluminium

Molten aluminium is cast into shape to create digits, the border and the plate in one solid piece.
